

**Product Factsheet**

**7 October 2010**

**About HTC Desire Z**

**A Sensible Partnership That Works For YOU**

**Suggested Retail Price: \$868**

- **The Best Of Both Worlds**

Touch screens are brilliant for surfing the web and watching videos. Keyboards are brilliant for typing. Now, you get the best of both wrapped up in one phone - the HTC Desire Z with a 3.7-inch touch screen and QWERTY keyboard.

- **Shape and Form**

119 mm (L) X 60.4 mm (W) X 14.16 mm (T), Weight: 180 grams (with battery)

- **Your Mobile Business Partner**

When you have to do lots of things at once, you want a phone that can do the same. With its quick processor, HTC Desire Z lets you access work emails and calendars with Microsoft Exchange, view Microsoft Office documents and research online, all at the same time.

- **The Ideal Travelling Companion**

With maps you can download for free, there's no more waiting for sections to load. HTC Desire Z even turns the map to face the same way you're facing. Aided by HTC's Locations and Footprints, you can safely leave the guide books at home and embark on your city tour.

- **Your One-Stop Mobile Portal**

With the new HTC Sense.com service, you can simply manage your mobile phone experience from your phone or computer. Customize your phones with exclusive HTC content like wallpapers, HTC scenes, sounds or widgets. Left the phone at home but expecting an important business call or text message? You can now forward all calls and texts to your alternate phone. In the unfortunate scenario where the phone is permanently lost, remotely wipe off all personal data from both the phone and the memory card so that important data stays private.

**HTC Desire Z from HTC at a glance:**

<b>Processor</b>	Qualcomm® MSM 7230, 800 MHz
