FreeAgent GoFlex™

ULTRA-PORTABLE DRIVE

Perfect for when you need to:

- Store or back up photos, movies, music and documents
- Carry files with you while on-the-go
- Access your files with both PC and Mac® computers

Capacities 320GB, 500GB, 1TB

Protect, store and do more with the world's most upgradeable drive.

The GoFlex™ ultra-portable drive makes it easy to store, automatically and continuous backup and encrypt all your files with its preloaded software and plug-and-play USB 2.0 connectivity. But this is no ordinary external drive. As the core of the GoFlex Storage System, the GoFlex ultra-portable drive is the world's most upgradeable external drive allowing it to deliver a truly customizable experience.

Access files with the interface of your choice.

Use the standard USB 2.0 interface or upgrade to USB 3.0, FireWire® 800 or powered eSATA by pairing the drive with the appropriate GoFlex upgrade cable.

Free your files.

With the included NTFS driver for Mac®, you can now interchangeably store and access files from PC and Mac computers without reformatting. The NTFS driver is simply installed once on your Mac computer, allowing it to access and store files in a PC compatible format*.

* Reformatting to HFS+ required to use backup software for Mac or Time Machine® software

Extend your content beyond the PC.

The GoFlex ultra-portable drive is the heart of the GoFlex Storage System, and by combining it with other GoFlex Storage System products you can enjoy your content on your TV, access files from any PC or Mac computer on your network, from a mobile device or via the internet while on-the-go.

Highlights

- USB 2.0 plug-and-play
- Easy-to-use preloaded backup software with encryption
- Upgrade to USB 3.0, FireWire® 800 or powered eSATA or access content over the network and on TV
- 3-year limited warranty

ULTRA-PORTABLE DRIVE *Pro*

Perfect for when you need to:

- Store or back up photos, movies, music and documents
- Carry files with you while on-the-go
- Access your files with both PC and Mac[®] computers

Capacities 500GB

Protect, store and do more with the world's most upgradeable drive.

The GoFlex[™] Pro ultra-portable drive delivers premium backup with encryption, which automatically and continuously protects all the files on your computer. The preloaded software also allows you to easily sync files between your computer and GoFlex Pro drive, so that you will have the latest files while on-the-go. The GoFlex Pro includes a convenient desktop dock with built-in capacity gauge, which allows you to easily view your drive's remaining storage capacity. But this is no ordinary external drive. As the core of the GoFlex Storage System, the GoFlex Pro drive is the world's most upgradeable external drive allowing it to deliver a truly customizable experience.

Access files with the interface of your choice.

Use the standard USB 2.0 interface or upgrade to USB 3.0, FireWire[®] 800 or powered eSATA by pairing the drive with the appropriate GoFlex upgrade cable. Combining the GoFlex Pro ultra-portable drive with a GoFlex upgrade cable allows you to take advantage of the high-performance 7200RPM drive inside, which delivers up to 40% faster file transfer speeds than the standard GoFlex drive.

Free your files.

With the included NTFS driver for Mac[®], you can now interchangeably store and access files from PC and Mac computers without reformatting. Once the NTFS driver is simply installed on your Mac computer, it allows you to access and store files in a PC compatible format*.

** Reformatting to HFS+ required to use backup software for Mac or Time Machine[®] software*

Extend your content beyond the PC.

The GoFlex ultra-portable drive is the heart of the GoFlex Storage System, and by combining it with other GoFlex Storage System products you can enjoy your content on your TV, access files from any PC or Mac computer on your network, from a mobile device or via the internet while on-the-go.

Highlights

- USB 2.0 plug-and-play
- Preloaded premium backup software with powerful encryption technology
- Upgrade to USB 3.0, FireWire[®] 800 or powered eSATA or access content over the network and on TV
- Includes intelligent desktop dock with capacity gauge
- 3-year limited warranty

FreeAgent GoFlex™ Desk EXTERNAL DRIVE

Perfect for when you need to:

- Store or back up photos, movies, music and documents
- Access your files with both PC and Mac® computers

Capacities 1TB, 2TB

Protect, store and access files through the interface of your choice with the world's most upgradeable drive.

The GoFlex™ Desk external drive delivers high-capacity storage and automatic, continuous backup with encryption for all your files with its preloaded software. The included plug-and-play USB 2.0 adapter makes it easy to connect to your PC or Mac® computer and it displays the drive's available storage capacity. As the world's most upgradeable external desktop drive, you now have the ability to upgrade your connection interface to suit your needs. Plus, the option to place the drive vertically or horizontally complements any desktop.

Access files with the interface of your choice.

Use the standard USB 2.0 interface or upgrade to USB 3.0 or FireWire® 800 by pairing the drive with the appropriate GoFlex upgrade adapter to instantly increase file transfer performance by up to 10x.

Free your files.

With the included NTFS driver for Mac®, you can now interchangeably store and access files from PC and Mac computers without reformatting. The NTFS driver is simply installed once on your Mac computer, allowing it to access and store files in a PC compatible format*.

** Reformatting to HFS+ required to use backup software for Mac or Time Machine® software*

FreeAgent GoFlex™

UPGRADE CABLES

Perfect for when you need to:

- Upgrade your interface for faster file transfer performance
- Access your files with USB 3.0, FireWire® 800 and powered eSATA

Upgrade your GoFlex™ ultra-portable drive to increase file transfer performance.

Increase performance and access files with the interface of your choice.

As part of the GoFlex™ Storage System, GoFlex upgrade cables enable you to change the interface on your GoFlex or GoFlex Pro ultra-portable drive to increase performance and to access your drive the way you want. The GoFlex upgrade cables are available in USB 3.0, FireWire® 800 and powered eSATA which offer increased file transfer performance up to 10x faster than USB 2.0. The GoFlex upgrade cables simply click in place, making it easy to switch between other GoFlex cables and devices. All GoFlex cables feature LED lights to show drive activity.

Highlights

- Compatible with GoFlex and GoFlex Pro ultra-portable drives
- Up to 10x faster transfer speeds than USB 2.0
- LED lights show drive activity
- Available in USB 3.0, FireWire® 800 and powered eSATA

GoFlex upgrade cable USB 3.0 kit - upgrade your laptop and GoFlex drive to USB 3.0.

The GoFlex upgrade cable USB 3.0 kit includes everything needed to upgrade both your laptop PC and GoFlex or GoFlex Pro ultra-portable drive. The kit includes a USB 3.0 cable, PC card laptop adapter and USB power connector – everything you need to upgrade to USB 3.0 performance. The GoFlex USB 3.0 kit offers up to 10x faster file transfer performance compared to USB 2.0 and is backwards compatible with USB 2.0, enabling compatibility with legacy PC and Mac® computers.

Highlights

- Compatible with GoFlex and GoFlex Pro ultra-portable drives
- Includes everything needed to upgrade your laptop to USB 3.0
- Delivers up to 10x faster performance than USB 2.0
- Backwards compatible with USB 2.0
